

SPEAKING CIRCUIT

Workshops for School Educators

Presenting a brand new **mass engagement series** by Character & Leadership Academy. *Speaking Circuit* aims to provide insights into the world of Youth Development. Tailored to match to the needs of the target audience, participants will be **engaged** in issues which matters to their students, be **equipped** with the latest skills and knowledge to facilitate learning and be **empowered** to help youth make the best life decisions.

Speaking Circuit: Workshops for School Educators is designed to build the capacity of school educators in facing real challenges of Youth Engagement. There are 3 themes to choose from: each meticulously conceptualised to enable educators to better connect with their students, to prepare their students for future challenges and to best assist those who falter.

Each Session priced at **\$1500** will last **90 minutes** for a maximum of **100 school educators**.

Engaging Our New Generation

The current generation of Youth evidently differ in their value system and behaviours compared to earlier generations.

How do we connect to the "digital natives"? Discover the inner workings of the minds of the Millennial Generation.

Equipping this Generation for the Future

As uncertain as the future may be, there are trends that will shape how it unfolds.

Learn about these trends and how as educators, we are able to prepare our students to face the new realities with the right attitude, skills and knowledge.

Empowering At-Risk Youths

Some Youths despite our best efforts, fall those the cracks. They make bad decisions and most will face the dire consequences.

Regardless, they deserve our support. Understand how best we infuse new hope in them to turn the the tides.
